## INDEPENDENT ACCOUNTANT'S REVIEW REPORT

Board of Directors  
The Mustique Charitable Foundation

We have reviewed the accompanying financial statements of The Mustique Charitable Foundation (a not-for-profit organization), which comprise the statements of financial position as of December 31, 2021 and 2020 and the related statements of activities, and cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

### Accountant's Responsibility

Our responsibility is to conduct the review engagements in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of The Mustique Charitable Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our reviews.

### Accountant's Conclusion

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

**The Mustique Charitable Foundation**  
**Notes to Financial Statements**  
**December 31, 2021 and 2020**

**Note 1 – Summary of significant accounting policies**

Significant accounting policies followed by The Mustique Charitable Foundation in the preparation of the accompanying financial statements are summarized below:

***General***

The Mustique Charitable Foundation ("Organization") is a not-for-profit Organization formed to help those who are in need in St. Vincent and the Grenadines.

***Basis of presentation***

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. The Organization uses the following classifications to distinguish among restrictions:

***Net assets without donor restrictions***

Net assets without donor restrictions include all net assets that are not subject to donor-imposed stipulations. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Directors or may otherwise be limited by contractual agreements with outside parties. Contributions with donor-imposed restrictions that are met during the same year as the contribution is received are included in net assets without donor restrictions.

***Net assets with donor restrictions***

Net assets with donor restrictions include donor-restricted contributions which are required to be held in perpetuity, with all or part of the income earned to be used for general or specific purposes. Other contributions are subject to donor-imposed stipulations that may or will be met, either by actions of the Organization and/or the passage of time. When a restriction is satisfied, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statement of activities as net assets released from restrictions.

The Organization had no net assets with donor restrictions at December 31, 2020.

***Cash and cash equivalents***

For the purpose of determining cash flows, the Organization considers all highly liquid investments with maturities of three months or less to be cash equivalents.

***Contributions receivable***

Contributions are reported at fair value at the date the Organization is notified of receipt of the contribution. These receivables are reviewed periodically to ensure that assets are not overstated due to lack of collectability. The Organization considers all amounts reported to be fully collectible as of the statement of financial position date. At December 31, 2021 and 2020, all contributions receivable were due within one year.

**The Mustique Charitable Foundation**  
**Notes to Financial Statements**  
**December 31, 2021 and 2020**

**Note 1 – Summary of significant accounting policies (continued)**

***Revenue recognition***

Contribution income consists of donations from individuals and foundations. The Organization records contributions as revenue in the period received or pledged, at their fair values. Support is recognized as without restrictions unless specifically restricted by the donor.

The Organization receives donations of marketable securities and maintains a policy to sell these securities at the earliest possible opportunity. Accordingly, there is no gain or loss recorded on the sale of these securities.

***Donated facilities, materials and services***

Donated services are recognized as contributions in accordance with accounting standards generally accepted in the United States, if the services create or enhance new financial assets or require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. Volunteers also provide a variety of services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria were not met.

***Income taxes***

The Organization is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and comparable state law. The Organization is classified as a publicly supported organization which is not a private foundation as defined by Section 509(a) of the Code.

In accordance with ASC Topic 740 “*Accounting for Uncertainty in Income Taxes*”, the Organization has evaluated its tax positions. A tax position is recognized as a benefit only if it is “more likely than not” that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that has a likelihood of being realized on examination of more than fifty percent. For tax positions not meeting the “more likely than not” test, no tax benefit is recorded. Under the “more likely than not” threshold guidelines, the Organization believes no significant uncertain tax positions exist, either individually or in the aggregate, that would give rise to the non-recognition of an existing tax benefit. In addition, the Organization had no material unrecognized tax benefits or accrued interest and penalties.

The Organization’s policy is to recognize interest related to unrecognized tax benefits in interest expense and penalties in income tax expense.

***Use of estimates***

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**The Mustique Charitable Foundation**  
**Notes to Financial Statements**  
**December 31, 2021 and 2020**

**Note 2 – Related party transactions**

The Organization received donated accounting services from The Mustique Company and has recognized \$9,600 in donated services in each of the years ended December 31, 2021 and 2020. During the years ended December 31, 2021 and 2020, the Organization recorded additional contributions from The Mustique Company totaling \$43,252 and \$7,513, respectively, which represented substantially all contributions receivable.

**Note 3 – Grants to supported organizations**

Grants to related organizations is net of unspent funds returned to the Organization by entities that had received grants in prior years. This was due, in large part, to project size being reduced due to COVID-19 in 2021. In 2021, the Organization made grants totaling \$765,215 and received unused prior year funds of \$41,605, resulting in net grants of \$723,610 in the accompanying financial statements. In 2020, the Organization made grants totaling \$169,017 and received unused prior year funds of \$64,244, resulting in net grants of \$104,773 in the accompanying financial statements.

**Note 4 – Net assets with donor restrictions**

On April 9, 2021, the La Soufrière Volcano on the island of St. Vincent erupted, resulting in massive evacuations of residents and requiring temporary shelter and other needs for many others. The Organization responded with critical humanitarian relief in collaboration with other charities and donors. All net assets with donor restrictions at December 31, 2021 represent unspent donations received for the disaster relief efforts which are ongoing.

**Note 5 – Concentration of credit risk**

The Organization maintains cash balances with two financial institutions. At various times during the year, these balances may exceed the \$250,000 insured by the Federal Deposit Insurance Corporation (FDIC). Management monitors the soundness of its financial institutions and has not experienced any losses in such accounts.

**Note 6 – Liquidity and availability of financial assets**

The Organization is substantially supported by contributions. As part of the Organization's liquidity management, it has a policy to maintain its financial assets in interest-bearing bank accounts to be available as its general expenditures, liabilities, and other obligations come due.

The Organization schedules vendor payments to maximize the time they have access to the cash. The following reflects the Organization's financial assets to be used for general expenditures within one year of December 31:

	<u>2021</u>	<u>2020</u>
Cash and cash equivalents	\$ 1,313,937	\$ 840,103
Contributions receivable	<u>43,252</u>	<u>8,565</u>
Total financial assets available for general expenditures within one year	<u>\$ 1,357,189</u>	<u>\$ 848,668</u>

**The Mustique Charitable Foundation**  
**Notes to Financial Statements**  
**December 31, 2021 and 2020**

**Note 7 – COVID-19**

In March 2020, the World Health Organization (WHO) declared COVID-19 a global pandemic. This pandemic event has resulted in significant business disruption and uncertainty in both global and U.S. markets. While management believes the Organization is in an appropriate position to weather the potential short-term effects of these world-wide events, the direct and long-term impact to the Organization and its financial statements is undetermined at this time.

**Note 8 – Subsequent events**

The Organization evaluated subsequent events through March 23, 2022, which is the date the financial statements were available to be issued, and has not noted any events requiring disclosure.
